

Boys 18 to 20 Will Register June 30

Sugar Stamps Good for Month

Each Stamp Will Be Good For Two Pounds of Sugar Instead of for Only One

Beginning next Sunday, Sugar Stamps in the Ration Books will be good for two pounds instead of for one pound. However, the stamps will be good for a four-week period instead for only two weeks. Stamp No. 5 is good for two pounds between June 28 and July 25. Stamp No. 6 will be good from July 26 to August 22.

Increasing the amount of sugar per stamp will be of great benefit to the merchants in handling the stamps.

Canning certificates will be issued at the local War Price and Rationing office except on Saturdays and Mondays. Citizens who have not received their canning certificates are invited to call on Tuesday, Wednesday, Thursday or Friday of any week, states T. S. Stevenson, clerk.

Those wishing canning sugar must bring their ration book to the office. Persons who registered and secured their ration books in other counties cannot secure canning certificates here. However, those who move here permanently may go to the local office and have their records transferred to Randall county.

Canning sugar certificates are good only for 30 days and these certificates should not be secured until sugar is needed for canning.

July 1st Day of Bond and Stamp Sales in Stores

Buy War Bonds on July 1. All retail business in the United States will stop at 12 o'clock noon, July 1. For 15 minutes all customers in every retail store will be asked to discuss War Bonds instead of looking at merchandise.

While this is a poor hour for bond sales in country towns, it is usually a rush hour in cities where thousands of office workers are off for the noon period.

R. H. Wright, Randall County Chairman, asks all retail establishments in Randall county to observe this period, and asks that all who sell stamps to have plenty on hand. Bonds are sold only at the bank and postoffice.

Additional Donors To Cemetery Fund For Cleaning

The Dreamland Cemetery Association announces the following additional donations to the fund for cleaning weeds from all lots at the cemetery. The call was made for \$1.00 each, but several have paid many times over that amount.

Others paying \$1.00 each were Mrs. Alice Black, J. B. Hickman, Mrs. J. C. Gafford, Mrs. Arvo Goddard, Mrs. C. M. Thomas of Amarillo, Mrs. T. S. Trowbridge, Oscar Gano, Mrs. W. L. Browning, Mrs. Cora Kirkpatrick, J. Madison Daugherty, Miss Pearl Black, Olin E. Hinkle, Mrs. M. C. DeGraffenried, A. E. Wise, M. O. Slack, Mrs. Dollie Taylor, Z. J. Steen and Harvey Cash.

Those paying \$2.00 were Mrs. Nettie Jennings, Mrs. Margaret Price, Mrs. A. J. Arnold of Amarillo and Tom Brasher.

\$3.00 each was received from Miss Agnes Charlton and W. T. Hazlewood. Mrs. E. B. Fee made two donations totaling \$6.00; and \$10.00 was paid by Dr. J. A. Hill.

Young Man Dies When Horse Falls; Is Unknown Here

Richard Dale Mauer died last night as the result of brain concussion. Mauer was working for Albert Fischbacher and was thrown, or fell from a horse Sunday. There was no witness. He is unknown here, and Sheriff M. E. Cantrell has been trying to trace his relatives. The Sheriff is working through Social Security.

Student Reserve Set Up in W. T.

Plan For Army Will Be Like Navy—Reserves May Continue College Work

West Texas State College will participate in a new War Department program under which male students may be enlisted in the U. S. Enlisted Reserve, unassigned. Upon reporting for active duty after completion of their courses, these students will be classified and given an opportunity to express their desires as to branch assignment, according to Major General J. A. Ulio, the adjutant general.

The local institution is one of a number selected to offer preinduction training desired by the War Department. Quotas for enlistment will be assigned these colleges on the basis of surveys now being made, based on enrollment of male students. Enlistment in the Air Corps program will be included in the assigned quotas.

The War Department will not prescribe any definite curriculum to be followed by students of the Enlisted Reserve, but certain objectives have been outlined. The plan will be coordinated with other enlistment plans wartime requirements of industry, and with civilian needs essential to the war effort. The purpose of the new program is to insure for the Army a future source of qualified officer candidates from college graduates, and, "to the extent necessary to accomplish this purpose, to encourage students to enroll and continue in college." The total of the quotas to be assigned is 80,000 students a year. In case of emergency demands, the Reservists may be called to active service in advance of graduation. Qualifying examinations will be given early next year for the young men to be enlisted this year.

Students of the Enlisted Reserve Corps will not be subject to induction for military service prior to graduation except when (1) they are separated from the College for (Continued on page 6)

Stores To Stay Open Here on Fourth of July

Fourth of July comes on Saturday of next week.

The News was asked by a number of local merchants to make a survey of Canyon regarding the advisability of closing for the day. With only a very few exceptions this survey showed that business houses prefer to remain open for the day.

"This is harvest time; this is war time, and it is more patriotic to keep working than to take time off at this critical time," was a favorite expression of local business men.

There are only a few Fourth of July celebrations to be held over the Panhandle this year due to tire restrictions.

Unless sentiment changes during the next few days it is safe to say that Canyon will be open for business as usual on Saturday, July Fourth.

Rubber Campaign Ends June 30

Schools Gained 32 In County During the Past Year

There was a net gain of 32 children of scholastic age in Randall county during the past year.

There was a loss of 18 scholastics in Canyon. The number dropped from 673, who registered in 1941, to 655 for 1942.

The common school districts showed an increase of 50 scholastics for the year. The census of 465 for 1941 increased to 515 for 1942.

With a gain of 50 in the county and loss of 18 in Canyon, the total increase was 32.

This is the first census in several years to show an increase of scholastics in the county.

Harvest In Full Swing

More Folks Move to Canyon

Housing Facilities Are Being Taken Over by War Workers From Amarillo

Many new families have moved to Canyon during the past week. One group of 20 persons arranged Sunday to make their homes here while working on the war plants near Amarillo.

According to Mayor C. H. Jarrett, the supply of houses is rapidly decreasing. There are many rooms available in Canyon, but so far these have not been in great demand. There are plenty of rooms available in Amarillo for single persons and families without children.

Those who are moving here are largely families with children as living quarters are hard to find in any of the towns near war production plants.

Fire Damages 2 Wheat Fields In Past Week

Ten acres of wheat were burned Saturday afternoon at the Edgar Robinson farm southwest of Canyon. Prompt action on the part of neighbors probably saved the balance of the wheat field.

The fire was set from the combine as the machine was cutting wheat. Mr. Robinson states that the wheat was making better than 20 bushels to the acre.

Fire last week at the Newton Crain home, southeast of Canyon, destroyed approximately 200 bushels of wheat yet in the field.

Combine Assets For Fishing Trip

Hud Prichard, Clay Cooper, Andy Walsh, Tom Knighton and Guy Tabor are on a fishing trip to Crede, Colo. They will return the latter part of the week.

The five left last week end in Cooper's car, traveling on tires belonging to Prichard, Tabor and Walsh. Since the tires belonging to Knighton were not the correct size, the Canyon druggist is to take care of all tire repair work necessary on the trip.

Mr. and Mrs. O. J. Laas and children of Plainview, Mrs. Rufus A. Dodgen of Shamrock, and Mrs. Pete Cowart of Paris, Tenn., visited over the week end at the Harvey Cash home. Mrs. Cowart will stay here for a few weeks. Mr. Laas left Sunday for Mayo hospital in Rochester, Minn.

Pvts. Raleigh Cabe and Robert W. Chambers are home from Fort Sill on a furlough. They were inducted into the service last week and were given a ten-day furlough.

Do your Shopping in Canyon!

We Will Lose The War Without Rubber

● The freedom of America is at stake! We can lose the war if we neglect to do our duty. Every citizen must buckle down to the job confronting him, and do his dead level best.

● Right now it's rubber! The Japs have nearly all of the world's supply cornered. The United Nations must salvage all of the scrap rubber possible—or suffer the fate of France.

● The campaign for rubber is no joke, or idle gesture. The campaign ends June 30. Every citizen must furnish all of the scrap rubber they can find in order to keep building war munitions.

Calling Married Men Stopped for Present

New Regulations As to Dependents Are Being Issued By War Department

Local Selective Service Boards were notified by wire Tuesday night to halt the induction of men who married before December 8, 1941, until the new law regarding dependency had been worked out. This does not mean that married men will no longer be accepted in military service, but regulations affecting married men will be worked out under the provisions of the law passed last week by Congress. This bill increases the pay of men in service and makes provision for dependents.

"Due to impending legislation contemplated to take effect immediately, and pending receipt of new regulations, you are directed to temporarily postpone induction of all registrants who married prior to December 8, 1941, provided they have wives or children, or wives and children with whom they maintain a bonafide family relationship in their homes."

New regulations affecting married men will probably be received during the coming week.

Four men are called for induction next Tuesday; 1 negro on July 1; 13 whites on July 18; 1 negro on July 30.

Miss Helen Thomas of Wichita, Kansas, arrived Wednesday to visit her mother, Mrs. L. E. Thomas and Mrs. H. W. McAtee. She left Sunday by plane.

Donnell Foster visited the parental R. E. Foster home Sunday. He is employed as a carpenter at the Cactus Plant in Dumas.

South Amarillo Sugar Office Is Open on Mondays

Miss Helen Whiteside, assistant to the War Price and Rationing Board, spent Monday at the Alice Landegin School in South Amarillo. She issued 152 certificates for sugar to be used in canning. Miss Whiteside will return to this school house every Monday to issue certificates until all citizens of the north part of the county are provided with sugar certificates.

The usual county boundary confusion prevails in regard to sugar cards. Miss Whiteside found that many citizens of South Amarillo do not know where the county line runs. Many who live in Randall county registered for sugar in Potter county. Therefore, they must secure their canning sugar certificates in Potter county in spite of their residence in Randall county.

Miss Whiteside was sent by the local board to South Amarillo in order to take care of the 1800 people who live in this section of the county so that they would not be forced to come to Canyon to secure their sugar certificates.

Funeral services were held by Rev. R. R. Gilbreath, pastor of the Happy Methodist Church, for Mrs. Mary Adeline Cook, last Thursday morning at the Griggs-Thompson Funeral Home. She died Wednesday in the local hospital. The body was taken to her home at Wylie for interment.

Mrs. Cook was visiting in the home of her daughter, Mrs. O. K. McDonald of Happy when she became ill. Mrs. Cook is survived by six children.

Mr. and Mrs. Leroy McDaniel and children of Lelia Lake are visiting at the J. C. McDaniel home.

Wheat Making Better Yields

Perfect Harvest Weather, With Only Small Amount of Moisture Falling Here

Harvest is in full swing over a greater part of Randall county. Ideal weather has prevailed during the past week and combines have been running in all parts of the county.

A light shower Tuesday morning held up harvest for a few hours in the central and eastern parts of the county. The moisture in Canyon measured only .06 of an inch. However, the western part of the county received about an inch.

Wheat is yielding much more than was anticipated before the combines started. Wheat which was estimated at 15 to 18 bushels is producing 30 bushels in many parts of the county. Last week farmers were talking about the possibilities of 20 to 25 bushel wheat; this week they report yields ranging from 30 bushels and up. Some wheat is estimated to be yielding in the neighborhood of 40 bushels to the acre.

The test is high, and every day wheat improves in quality with the favorable weather. Even the late wheat, which was recently thought to be almost a total loss, is now reported to be well filled and will make a splendid yield.

There are more women and children working in the harvest fields of Randall county than ever before. Boys are running tractors all over the county and women are driving trucks to bring the wheat to market.

Storage is the big problems of harvest. Elevators over the Panhandle are having a hard job finding storage in the big elevators.

Many farmers who do not have storage of their own are selling their wheat. Millers are bidding on wheat for their own use, but are not handling wheat for the government storage price.

Farmers with wheat are hoping that dry weather will continue for another 10 days. Little row crop has been planted because of the continued dry weather, but for the present the big job is to save the wheat crop which is already made and is yielding so much fine grain.

Six carloads of the ready cut granaries being sold to farmers by the Commodity Credit Corporation have been ordered. These bins are (Continued on page 6)

Retail Stores Must Sign Up For More Sugar

All grocers, boarding house keepers and cafes must sign up for their supply of July and August sugar on or before July 5.

Certificates are now being issued at the local War Price and Rationing Board, states T. S. Stevenson, clerk. These certificates are for institutional and industrial users of sugar. Randall county has no industrial users or wholesale dealers within the boundaries of the county.

Questionnaires Are Mailed 45-64 Group

The Local Selective Service Board has been instructed to mail occupational questionnaires to men of the 45-64 age group.

Occupational questionnaires have been mailed to all other men who are not yet in military service. When returned by the registrants, these questionnaires are turned over to the federal labor department. As a result of these questionnaires men may be diverted from civilian jobs to war production plants where there is a shortage of labor.

Delinquent Taxes Will Increase on First of July

June 30 is the final day on which 1941 delinquent taxes may be paid at a considerable saving to property owners.

This is also the final day for making the second payment under the split payment plan.

Starting July 1 delinquent taxes for 1941 will be charged with greater interest and penalties.

Mr. and Mrs. S. S. Prichard and two children of Lubbock were Canyon callers last Thursday. They visited relatives and friends while here.

Miss Dorothy Jean Rushing returned to Floydada Saturday after spending a week with her cousin, Fannie Alice Pierce.

Member of National Editorial Association and Texas Press Association.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Well, we've lost another battle to the Germans. Tobruk has fallen and with it goes 25,000 Allied fighters and vast stores of munitions. The vast Mediterranean Sea is now pretty well in the hands of the Axis. It was reported Monday that in the face of new defeats, the residents of Alexandria were not particularly alarmed and that drinking and dancing went on as usual. The folks over there may not be alarmed, but the war picture looks mighty bad to us. There has been too much drinking and dancing during the war. Americans would like to see battles won instead of losing most of them. A newspaper is supposed to preach optimism, but this is a rather blue Monday morning to us. It must be remembered that all of the territory lost to the enemy must be regained before we can really say that we have started to win. And the price will be terrible in men and materials.

We are told that it is harder to be a good citizen under present conditions than it is to be a good soldier. The morale of the civilian changes as the war news changes, but the soldier knows that he has a job to do day by day and is not upset by the changing complexion of the war. He is more anxious "to get up and at 'em," when the outlook is bad than when everything is going in our favor. However, it must be kept in mind that the morale of the soldiers depends very much upon the morale of the people at home. You cannot expect our fighting forces to be bright and cheery and full of enthusiasm when they receive grouch or pessimistic letters from home.

The wheat yield of Randall county is a most pleasant surprise. Those who talked about 10 and 15 bushel averages now find that their wheat is making twice that amount. The Panhandle is the greatest country in the world for surprises—working both ways. However, we have more of the pleasant kind than of the unpleasant. There never has been a good wheat crop made until it has been proclaimed lost at least three times by the experts.

When you receive an invitation with BYOS at the bottom, do not think you are being kidded. It means, Bring Your Own Sugar—and your hostess doesn't mean maybe.

Now comes Jerry Sadler attempting to pull another fast one. You recall that Jerry "resigned" late on the afternoon of June 1, and his friend, James Kilday, was the only candidate to file for Jerry's place on the Railroad Commission. Naturally Jerry and James did not intend that anyone else should know anything of Jerry's intentions and have a chance to file for a place in the Democratic primary. The deal smelled to high heaven! The State Democratic Executive Committee held open the filing date on the ballot until 10 other candidates could file; Kilday was whipped in the courts in his attempt to keep his opponents off the ticket; and now Jerry Sadler attempts to withdraw his resignation. He says that the Governor had not accepted his resignation in face of the fact that he, Sadler, had moved out, abandoned his office and said that he was no longer a member of the Commission. We shall see what we shall see.

The terrible slaughter of innocent hostages and civilians in conquered territory by both the Germans and Japs should be convincing to all thinking Americans that this is a total, all-out war. If the Allies do not win, we are doomed to destruction and slavery. There is no half way mark in this war. It is an assured fact that "You Can't Do Business With Hitler." And certainly, we now realize that we have done too much business with the Japs in the past. We have built up their great manufacturing plants at the expense of our own industries. In every conquered country, workmen are being enslaved and forced to work for the Axis, while the innocent civilians are robbed of everything the invaders can haul away. Read the articles which are now being printed from our diplomats and newspaper men who have just returned from Europe, and from those who escaped from Japan-held territory. It will make your blood boil in a spirit of revenge.

Listened to a radio skit the other night which made us mad as hops. A farmer (Hollywood) was writing a letter to Adolph (Hitler, to you). This Hollywood farmer was telling Adolph how the 6,000,000 farmers of the United States were working 16 to 18 hours daily to produce more food to fight the Axis. And incidentally, the sale of War Bonds was at the bottom of the appeal. What the Hollywood farmer said about the real farmers of America was true—except that farmers were holding the sack and forced to work these long hours, and buy more bonds, because organized labor was in the drivers seat and war workers were drawing \$1.15 per hour and up in war plants on a 40-hour basis, time and a half for over time. This most costly war the world has ever seen is due to the highest pay ever paid in the history of the world for the least amount of work. Coming generations will have plenty of debt to pay long after the scars of battle are healed.

Rubber is one of the most necessary commodities to keep the war machine going. The army has ordered that officers and men use their cars less in order to conserve the supply in spite of the fact that these cars are eligible to receive casings as needed. It is going to be a hard thing for Americans—operating on wheels for 25 years—to reduce the use of their motor driven vehicles. But we are faced with startling facts and every citizen must re-arrange his affairs to meet this new condition. Turn in all of the old rubber which you now have, and help win the war.

It is of interest to read that a new war plant, "Somewhere in Texas," is sending men out to recruit laborers from over the Panhandle. These recruits will be drawn from the farms and small business houses of the Plains. They will be paid the highest wages they have ever received in spite of the fact that they must learn to do an entirely new job. All of this high expense will be charged against the war, and must come out of the pockets of the people. The point is this: Here in Texas we have been calling for big companies to pick up and move to Texas, leaving the industrial East. But when one does come it is forced to scour the country and take young men away from their usual vocations in order to get people to operate the plants. Industrial plants must have laborers, and where these laborers are not at hand they must be trained.

Two wealthy men—anti-Roosevelt; isolationists—have ganged up in an attempt to fool the people. O'Daniel, the flour salesman, and Hal Collins, the laxative salesman, are touring the state with two Hill-billy bands. O'Daniel hopes to continue fooling the people so they will re-elect him; while Collins hopes to ride into office on the popularity of the Senator. Their first appearances have not drawn crowds, and whatever crowd showed up failed to be set on fire by the ludicrous performance of the two radio actors. This is going to be the most unusual

campaign the people of Texas have ever seen.

The iron salvage campaign thru-out the nation has been quite a disappointment. The scrap iron pile is far under expectations of the government. The rubber campaign will close on June 30. Please keep in mind this very important fact—if the rubber campaign is as short in comparison as the iron campaign, every motorist will be handed a ration card and thousands of cars will hibernate for the duration. If you have any rubber—just any amount whatsoever—see that it is delivered to the service stations by June 30. If enough rubber is turned in to keep the cars rolling, no gasoline rationing will be necessary. But if it is necessary to tie up cars to save rubber, then that order will be issued and issued promptly. Dig out that old scrap rubber right now.

It takes the brass hats a long time to change. But our navy officers have seen their big ships only as easy targets for aircraft, and now are convinced that a change must be made. A \$300,000 bomber can sink a \$30,000,000 battle ship, and the navy now knows the sad story. It takes years to build a monster battleship, while bombers will be produced by the hundreds every month when the production lines are in full swing.

Up at Pampa the sheriff has a good slogan: To the street loafers he says, "Go to work in the harvest

fields, or go to jail." There is no excuse now for any person being out of work, or complaining that he can get no job—provided he is physically able to work.

Jesse Jones is being razed up in Washington for his part in the war program. First he was charged with impeding the synthetic rubber program, because he wanted all RFC loans to be sound, while everyone knows that such experiments are somewhat speculative; next he was charged with failure to buy tin, quinine and other supplies before the Japs stole them, because he refused to pay the demanded price; next he is charged with locating too many war plants in Texas, especially around his home town, Houston. Naturally a man's enemies will hardly praise him, if he has any faults. That Texas has been well cared for in the way of war plants cannot be denied, but this was in the program of decentralizing industries and war plants away from the East where too many plants are now located.

Winston Churchill is paying another surprise visit to Washington. He will have lots to talk over with President Roosevelt since the fall of Tobruk. No doubt the two leaders, together with representatives of Russia and other European nations, will discuss and plan every phase of the war. Whether or not the Allies will take the offensive this year depends largely upon shipping facilities. Our factories are

now producing more than we can ship, and the subs are sinking ships as fast as we build them. The leaders have plenty to talk about right now. In the meanwhile, the British are clamoring for action rather than words.

At the end of the first year, Hitler has little gains against Russia to brag about. True enough he has taken over a lot of territory, but so far has not been able to tap the wealthy oil fields which he hoped to capture early last fall. The Russians—bless them—are so much better fighters than the world ever expected.

The dickens about being chosen as the outstanding newspaper of Texas for 1942, The News now has a reputation which must be met, and the staff has to work too hard during hot weather living up to this reputation. But thanks, folks, thanks a lot for the many kind words which you have said about the honors which were won by The News at the Texas Press Association convention.

Spend your vacation in the Panhandle this year. Right here in Randall county—at Buffalo Lake, Palo Duro Park, Amarillo City Lake, Panhandle-Plains Museum—you will find as good vacation spots as you will find in any other state. Enjoy the summer right here in the Panhandle.

The Japs have tossed some more

shells upon American soil. Naturally the Japs chose an easy place to attack, and no military damage was done. But the fact remains that "it can happen here," in spite of all the propaganda which the isolationists were feeding us only a few months ago.

When this wheat crop is saved, the women and children of the Panhandle will be due much credit for the work they are doing in the harvest fields. You can find very few combine crews where a woman or a boy is not working, and many farmers have to rely wholly upon their wives and children for harvest help.

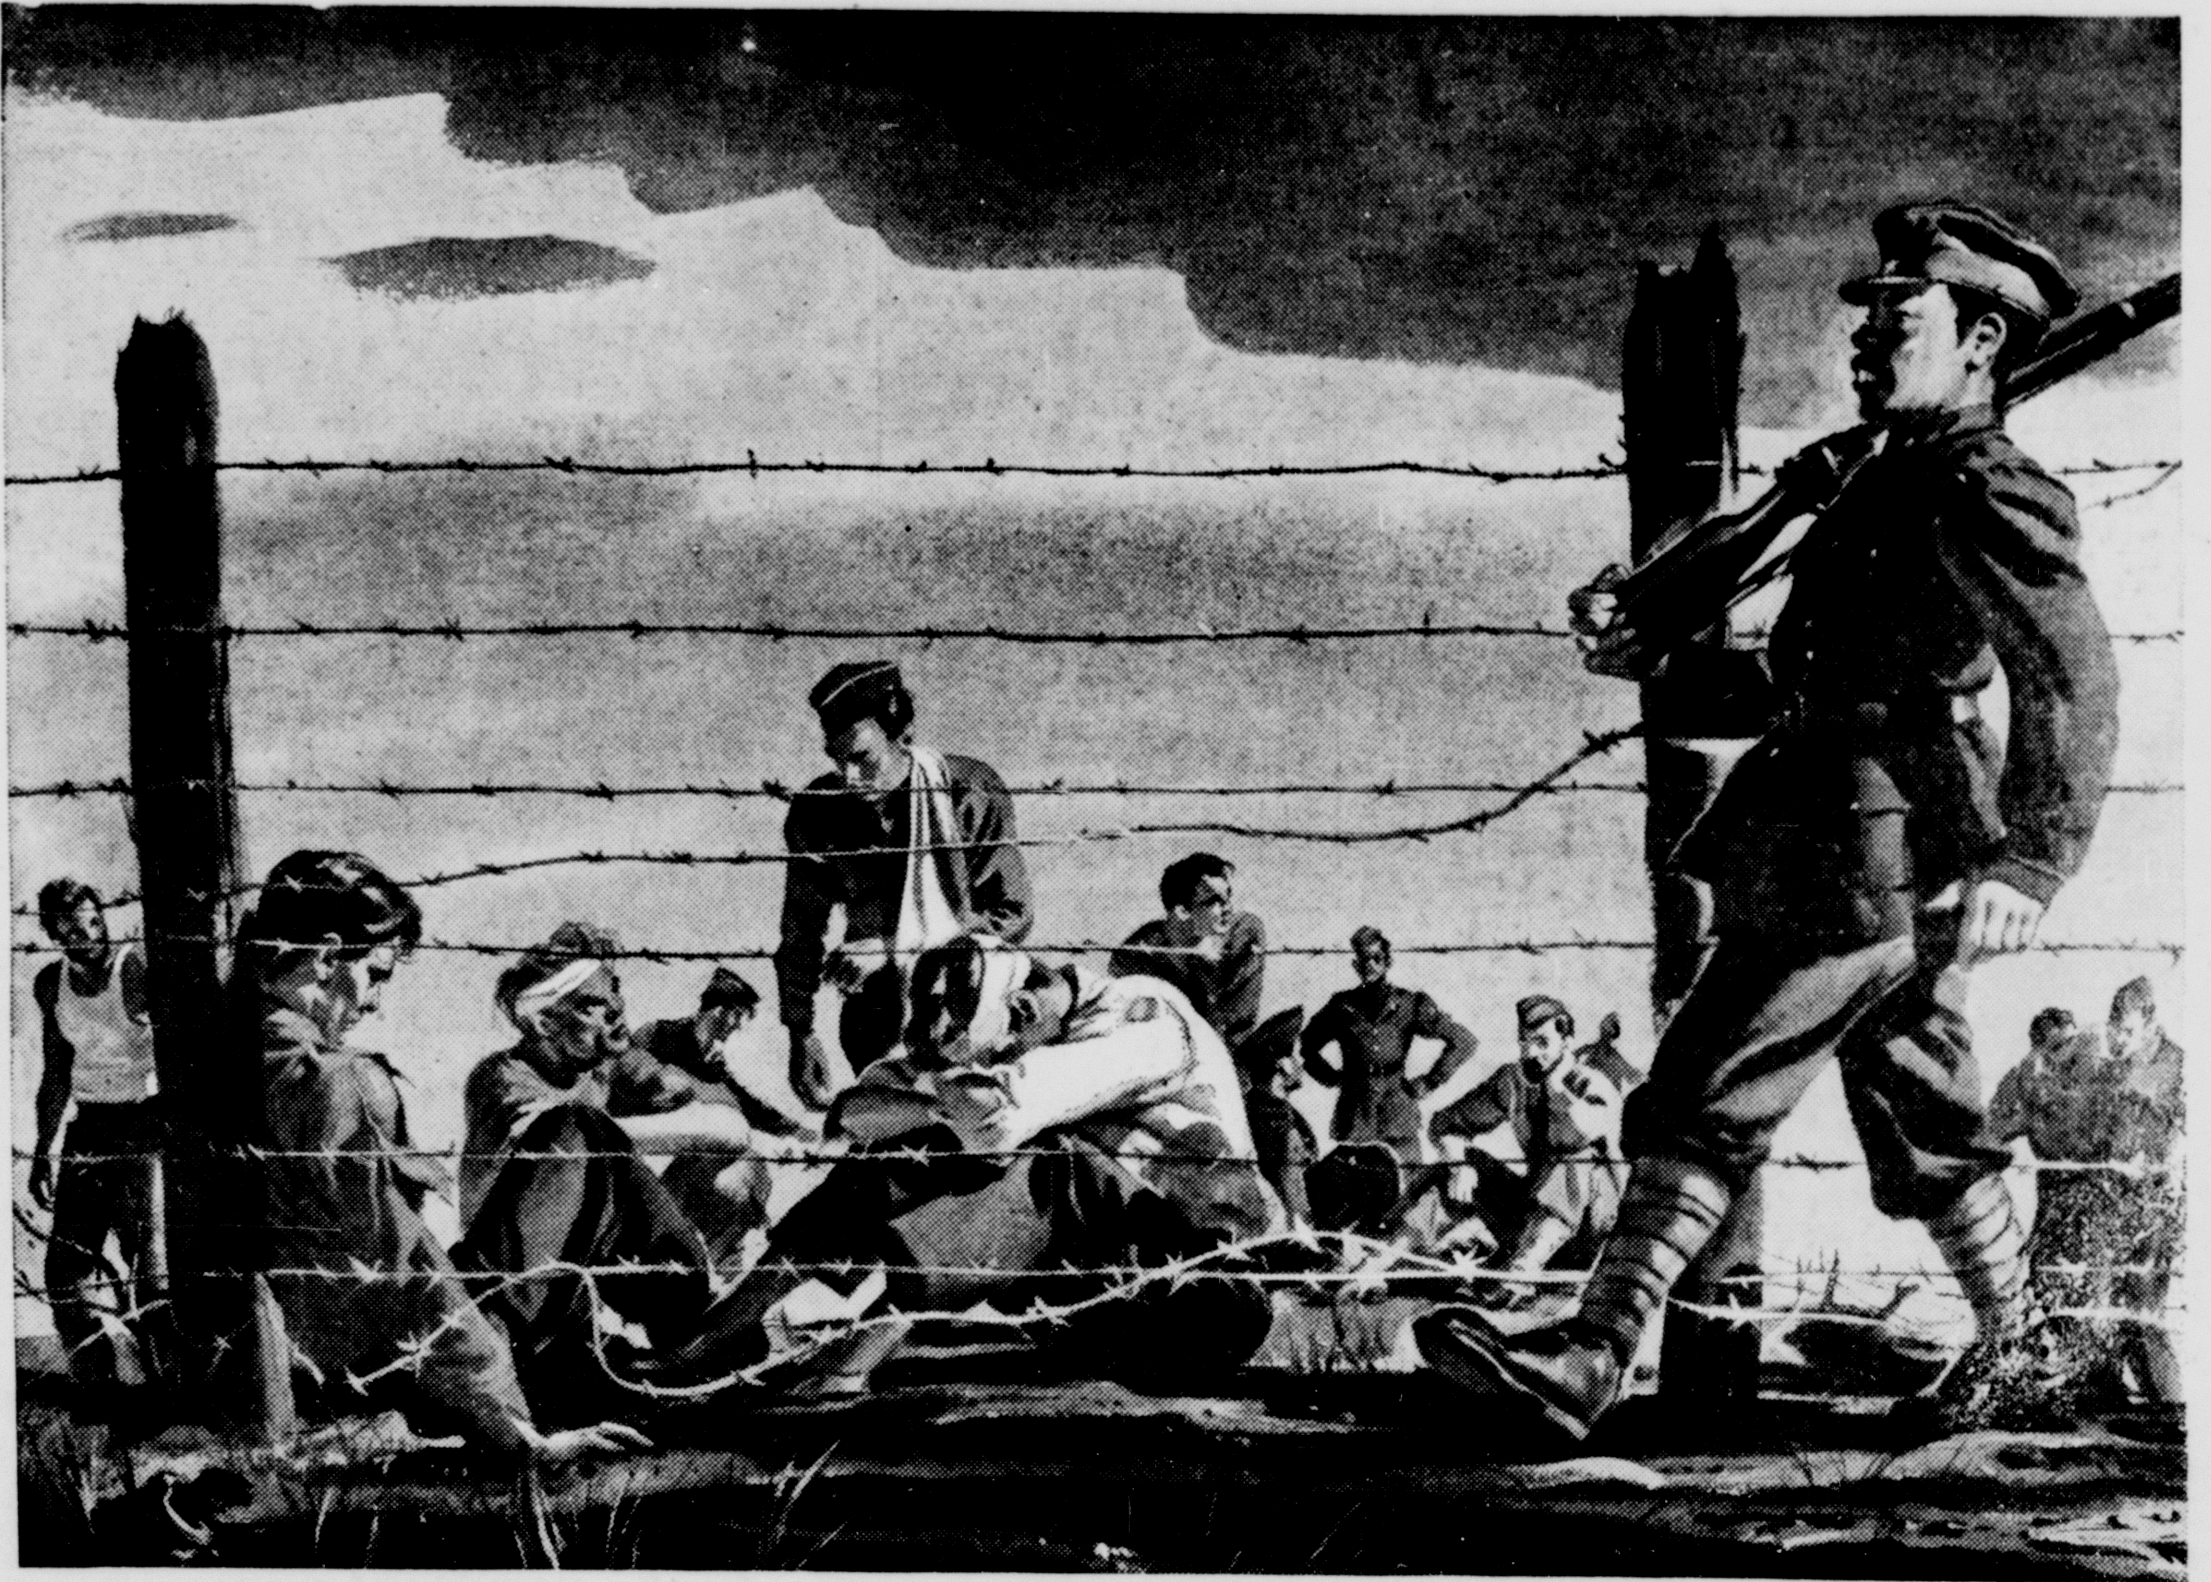

According to geologists, most of West Texas was a shallow continental sea 250,000,000 years ago, and an ancient land which they term Llanoria extended far into the region now occupied by the Gulf of Mexico.

Houston ranks fifth among the list of 17 cities in the United States whose population increased ten percent or more from 1930 to 1940. During this decade, Houston's population increased 31.5 per cent.

One gets a good education by choosing better company and letting them do the talking.

The land area of Texas includes 167,934,720 acres.

The most useless thing, on earth, is an airplane.

Sure, it makes you mad!

DO YOU REALIZE that thousands of our good American soldiers are behind barbed wire—with Jap sentries marching up and down outside?

Do you know that American women and children, too, are in Jap concentration camps?

How long do you want them there—and what are you willing to do to get them out?

You can't do it by flag-waving, by slogans, and by cheers.

It takes planes—tanks—guns—bombs—shells—ships. And these don't grow on trees.

You—and you—and you—must buy these things. Not the Jap way, nor the Nazi way, nor the Fascist way. The American way—gladly. In War Bonds.

The easy way—just by saving a dime from every dollar every payday. TEN PERCENT of your pay. The management of your company will save it for you, and every time it adds up to \$18.75, they'll buy a WAR BOND for you.

You'll get interest on that money. It will increase every year, until for every \$18.75 you invest, you'll get \$25 in ten years.

And your money will buy the stuff to beat the Japs—to attack them—to bomb them, to make them wish to their heathen idols they'd never picked a scrap with Uncle Sam!

And the sooner you do your part, by backing up our boys, the sooner they will blast the Japs right out of their sandals.

Down will come that barbed wire, and out will come your fellow Americans. Home again—to a free, decent, clean country—the country we all love.

And you'll be sitting pretty, too. You'll have the clear conscience of having done your part, and you'll have built up financial protection for you and your family.

So let's get going. Do your part. Ten percent—a dime from every dollar every payday.

Invest your share in VICTORY!

5 Reasons Why

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

Outstanding Newspaper of Texas

Clyde W. Warwick, Publisher

The Canyon News

The Canyon News was unanimously chosen as the Outstanding Weekly Newspaper of Texas at the 63rd annual convention of the Texas Press Association at Waco, June 11-13. A loving cup was given by the A. H. Belo Co., publishers of the Dallas News, for this honor. On this page are pictured the staff of The News at their daily work.

Miss Olive V. Schramm at News Desk

Building a Newspaper

- The Canyon News seeks to develop and print the news of the community which shall have value in the development of the community. The News prefers to print the best about its citizenry, and to praise the best of the community rather than pose as a harsh critic of those things with which it may not agree.
- Today The News enjoys the largest circulation in the history of the paper. It is all paid strictly in advance, and goes into the homes of Randall county where it is welcomed as a weekly visitor. The News is bought for its worth to the families which read it.
- Advertising is the backbone of any newspaper. The News has served the business institutions well throughout its 46 years. Many business firms in Canyon have a message to the people in every issue of The News. This advertising has been of great benefit to these institutions in building their business. Business firms who use News advertising regularly will greatly profit from this investment.

Miss Dorothy Warwick in Gift Shop

For 46 Years

- The Canyon News has been a consistent and ardent town and community builder during the 46 years it has been published in Canyon. It has never overlooked an opportunity to render service to this community, and to stand for and promote those enterprises which have built and improved Canyon.
- It is this program of community interest which has made it possible for The News to grow and develop its plant even faster than the community which it serves would ordinarily justify.
- Throughout the years, The News has always sought to be a true and correct reflector of Canyon and Randall county. The newspaper can never expect to be much better than the community it serves. In this case, The News prefers to say that it was judged to be the best newspaper in Texas because it is published in the best county in Texas.

Gordon Lynn Dickerson at Rice Feeder

Printing That Appeals

- No printing job is too small, and few are too large to be handled economically in this modern printing plant. This plant is one of the most complete and modern in the entire Southwest. It has been developed during the past 46 years to give service to the people of Randall County.
- Citizens of Randall County are invited to "Invest Your Printing Money in Canyon"—and be assured that a better and larger printing plant will be built for service during the coming years.

Dan K. Usery at Model 32 Linotype

N. T. Dickerson Making Up The News

News of priorities, freezings, and shortages due to the war effort is causing some business people to think, "We have nothing to advertise." Because of our interest in the welfare of the businesses and services of Canyon, we say:

THERE'S PLENTY TO ADVERTISE

"Good advertising is more than the selling of immediate supplies of merchandise," said a recent editorial in the Detroit Free Press. "The history of advertising in the United States shows that it has been the major cause of the promotion of the things of life that we now consider essentials rather than luxuries. Canyon business firms should advertise weekly in The Canyon News—The Outstanding Weekly Newspaper of Texas.

Here's an Eight Point Program For Any Business In Canyon

1. Advertise Your Community

Many people cannot see the woods for the trees. And likewise many are so close to the advantages of the community that the good things we have are often lost sight of or forgotten. People of Canyon would do well to Advertise Canyon—to Canyon.

2. Advertise Your Institution

Your institution, whether it be a shop, office or store, has an individuality. It has a reason for existence. It is a reflection of the aims and thoughts of the owner or director. But, finally, it is of interest to Canyon. And because it is located in Canyon it should not be allowed to be taken for granted. Canyon institutions would do well to Advertise to Canyon—in Canyon.

3. Advertise Substitute Items

The true test of American ingenuity is the ability of Americans to adapt themselves quickly to changing conditions. Citizens of Canyon, knowing that all items are not obtainable at this time will be interested in substitute items which will fill their needs. It would be well to advertise to them what items ARE available in Canyon.

4. Advertise Fuller Usage of Products You Handle

One of the fundamentals of effective advertising is the interpreting of an article or service in forms of the USE to the consumer. The advertising of more uses of an article or better use and care of it can win (and is winning in the case of the automobile) an abundance of good will for the advertiser. People of Canyon appreciate this kind of advertising, too.

5. Advertise Locally Your Government's War Efforts

Canyon is still part of the U. S. A. Like thousands of other communities it is a part of the United Nations. Our citizens—every one of them—want to do their part in the way of co-operation with the government's war effort. They can learn their part by interpretation of the government's effort in terms of local participation.

6. Advertise and Help Sell Stamps and Bonds

For a community of its size Canyon is buying many stamps and bonds. But it is the extra effort that wins in any contest or war. More bonds MUST be bought and people of Canyon will buy them if they are urged to do so. Advertise and help to sell MORE bonds.

7. Advertise and Sell Public Morale

"The unparalleled ability of American advertising to inform and persuade is one of the greatest assets of this country in time of war as in time of peace," says the Advertising Federation of America. "Its force is urgently needed in this time of peril!" Building public morale by offsetting harmful rumors, and keeping alive the "confidence in our armed forces" and our ultimate victory is a job to be done in every community—Canyon included!

8. Advertise to Protect American Living Standard

By creating the desire for things in mass quantities, advertising has created the modern great factories, the high wages, shorter hours and better working conditions of the American people. By keeping alive the desire for things in Canyon and from Canyon the high standard of American living can be maintained—in Canyon.

Roosevelt Urges Advertising

NEW YORK, June 22 (AP)—President Roosevelt said today that "the desire for liberty and freedom can be strengthened by reiteration of their benefits" through advertising.

In a message to the 38th annual convention of the Advertising Federation of America, the President said:

"It is obvious that there are many changes going on in your field. For the duration there will be a diminution in product advertising, but this does not mean an end of advertising.

"There are many messages which should be given the public through the use of advertising space. The desire for liberty and freedom can be strengthened by reiteration of their benefits.

"If the members of your organization will, wherever possible, assist in the war program and continue the splendid spirit of cooperation which they have shown during the past year, advertising will have a worthwhile and patriotic place in the nation's total war effort."

Let's learn a lesson from the business men of Canada. After two and a half years in the war, their advertising (instead of diminishing) is increasing. They have discovered that they had their GOOD WILL to MAINTAIN with their customers, and a PATRIOTIC CAUSE TO SELL. They are explaining to the public their problems, and are telling them why they cannot furnish some products which wartime demands have curtailed. Serving a two-fold purpose, they are investing in the future of their country. Men of high vision can understand why this is sound business and splendid patriotism.

REMEMBER: "There Should Be NO BLACKOUT In Advertising"

J. A. Jameson Marries Ruby Lee McMillan

Miss Ruby Lee McMillan was married Sunday afternoon at 3 o'clock in the Central Baptist Church to J. A. Jameson of Carlsbad with Rev. C. E. Jameson, father of the bridegroom, officiating, assisted by Rev. V. B. Greazeale, pastor of the Central Baptist Church of Clovis. A double ring service was read.

Miss McMillan is a daughter of Mr. and Mrs. B. A. McMillan of Clovis and Mr. Jameson is a son of the Rev. and Mrs. Jameson of Carlsbad. Both families are pioneers in West Texas and Eastern New Mexico.

Given in marriage by her father, Miss McMillan wore a lovely slipper satin gown of white with a fitted bodice and full skirt. She wore a floor length veil caught up in a halo headpiece.

The bride was attended by Mrs. L. W. McDowell, a sister, as maid-of-honor. Mrs. Tommie Tucker Clements, a sister of the bridegroom, of Carlsbad served as matron of honor. Mrs. Noel Woodley of Muleshoe, another sister of the bridegroom, was bridesmaid. A niece of Mr. Jameson, Sue Ann Woodley was flower girl. The colors of yellow, peach and orchid were worn by those attending the bride.

Mr. Jameson was attended by Jamie Jameson, a brother, as best man. Mr. Clements and Mr. Woodley served as ushers.

The bride attended Texas Technological College in Lubbock, West Texas State College in Canyon, and the University of Hawaii in Hawaii.

Mr. Jameson attended West Texas State College at Canyon and is at the present connected with the Magnesium Division of the United Potash Company at Carlsbad. He is an active member of the Rotary Club, and takes interest in all civil activities. He is a baritone soloist.

The couple will visit in Old Mexico before going to their home in Carlsbad.

ORVAL FEHR MARRIES ILLINOIS GIRL IN MAY

Announcement has been made of the marriage on May 26 of Miss Cuba Paris of Rantoul, Ill., to Corporal Orval Fehr at Waco where the bridegroom is enlisted in the Air Corps.

Corporal Fehr held the rank of Sergeant in the Canyon National Guard when that group went to Brownwood from Canyon. He received a transfer into the Air Corps sometime later. Since then he has been sent to several outstanding training stations before being stationed at the Waco Flying School.

He is the son of Mr. and Mrs. Hugo Fehr of Reading, Kansas and a grandson of J. J. Bauer of Hays.

CENTREVIEW CLUB MEETS WITH MRS. S. F. SHARPES

The Centreview Club met with Mrs. S. F. Sharpes Friday afternoon. The club made plans for the exhibits to be held in September when their fruits and vegetables will be displayed.

Refreshments of cookies and ice cream were served to Mrs. T. U. Shipman, Mrs. Wilson, Mrs. E. W. Schaeffer, Mrs. G. E. Wesley, Mrs. Barnard, Mrs. Dallas Zachry, Mrs. J. W. Wesley, members; and Florence and Myrtle Evans and Lavenia Amerson, visitors.

TAKES CALIFORNIA JOB

James Hardin, college bookkeeper, has taken a position with the Douglas Aircraft Corporation in California, where he went recently on a vacation trip. He will go to school three months at company expense before taking up his new work.

Miss Gretchen Marie Andrews Is Bride of William C. Harter of Cleveland, O.

MRS. WILLIAM CASS HARTER

Mr. and Mrs. H. H. Andrews of Texline are announcing the marriage of their daughter, Gretchen Marie, to William Cass Harter, son of Mr. and Mrs. Charles Harter of Canyon.

They were married at 8:15 o'clock, Friday evening, June 12, at the Trinity Cathedral in Cleveland, Ohio, with the Rev. Mr. Guthrie, D. D., Episcopal Rector, officiating. Attending the couple were Mrs. Bill Mac West, as matron of honor and Charles Hutchison as best man. Also attending the ceremony was Mr. West.

The bride wore a white jersey street-length dress. She carried a small white prayer book and a corsage of red Johanna roses.

Mrs. Harter was an honor graduate of Texline High School in 1938. She attended Texas Technological College at Lubbock for two years before attending West Texas State

Miss Rubydell Self, R. W. Bell Marry

The marriage of Miss Rubydell Self, daughter of Mrs. Irene Self of Amarillo to Robert W. Bell of Corpus Christi, son of Mr. and Mrs. M. H. Bell, 4801 Plains Street, was solemnized Saturday evening, June 6, at 7:30 o'clock.

Nuptial vows were spoken in the home of Mr. and Mrs. John Gray at Corpus Christi with Rev. W. Oliver Harrison, minister of the First Christian Church, officiating at the single ring ceremony.

The bride wore a white dress with blue accessories.

Mrs. Bell attended West Texas State College. Mr. Bell who is a graduate of Amarillo High School, is employed in the aircraft instrument department at the Naval Air Base at Corpus Christi.

The couple is at home at 1621 Seventh Street, Corpus Christi.

Collective nouns: Fly-paper, waste-basket, and vacuum-cleaner.

Do trees become petrified because the wind makes them rock?

MRS. JIMMIE FITE, who before her marriage in Amarillo on April 2, was the former Gerry Smith, daughter of Mr. and Mrs. J. C. Smith of Pampa. Mrs. Fite was a popular member of the Pampa young set. The couple is at home in Canyon where Mr. Fite will complete his pre-medical course at West Texas State this summer. He plans to enter the Kirksville, Mo., school of osteopathy and surgery in October.

MISS KUYKENDALL AND MR. VANDERGRIF MARRY

Miss Glenda Kuykendall and M. C. Vandergriff were united in marriage May 31 in Amarillo. The single ring ceremony was performed at the parsonage of the Line Avenue Baptist Church.

The bride, a daughter of Mrs. W. E. Wirtz of Amarillo, was attired in a sheer navy crepe dress with navy blue and white accessories. Her corsage was of gardenias.

Mrs. Vandergriff was graduated from St. Mary's Academy and in May she completed her nurses course at St. Anthony's Hospital.

The bridegroom, a son of Mr. and Mrs. W. L. Vandergriff of Canyon, was graduated from Canyon High School in 1939.

The couple is at home at 1521 Parker, Amarillo.

Those attending the ceremony were Rosalie Kribb, Glen Burrus, Ann Sullivan, D. A. Butler, Mary Murray, Cecil O'Donald, Frances King, and Mr. and Mrs. J. C. Page.

NELDA WILKINSON WILL MARRY A. B. BLAGG

Mr. and Mrs. J. W. Wilkinson of Clovis are announcing the engagement and approaching marriage of their daughter, Nelda, to Alben Barkley Blagg of Washington, D. C.

The wedding will be solemnized in the First Methodist Church at Clovis on June 29.

Miss Wilkinson, granddaughter of Mr. and Mrs. T. J. Cochran, was graduated from National Park Junior College, Washington, D. C. on June 2.

BUSINESS WOMEN ENJOY BUFFET SUPPER WEDNESDAY

Mrs. Tommie Pierce and Mrs. Berl E. Mayfield were hostesses at a fried chicken buffet supper Wednesday evening of last week at the home of Mrs. Pierce on Sixth Avenue.

House decorations for the occasion featured lilies and roses.

Bridge was played following supper, at which guests drew partners by matching doll cut-outs and their clothes. Guests wore sports attire to set an informal note for the affair.

Defense stamps were given at each table for high score winner.

Seated were Mrs. Houston Bright, Mrs. C. P. Overton, Mrs. Claude Moore, Mrs. T. C. Thompson, Mrs. Bob Parsons, Mrs. T. A. Black, Mrs. C. R. Flesher, Mrs. N. E. McIntire, Mrs. K. E. Frieze, Miss Betty Solomon, and Miss Martha Sutton, together with the hostesses.

Misses Fannie Alice Pierce and her cousin, Dorothy Jean Rushing of Floydada, assisted in serving.

MISS JOHNNIE CAMPBELL IS BRIDE OF J. S. DOLLARD, JR.

Mr. and Mrs. F. H. Campbell are announcing the marriage of their daughter, Johnnie Dine, to James Calvin Dollard, Jr., of Fort Bliss, Texas.

The nuptial vows were exchanged May 2 at Alpine, Texas.

The only attendants were Mr. and Mrs. Luther Brock of Fort Bliss.

The bride was graduated from West Texas High School and later from West Texas State College. For the past year she has been teaching at El Paso.

The bridegroom attended school at Pampa.

After a short visit in Canyon the couple will be at home in El Paso.

EARL RUSSELL TO MARRY MISS KONKLE JULY 5

Announcement of the engagement and approaching marriage of Miss Mary Frances Konkle and Earl Russell was made at a breakfast Sunday morning in the home of the bride-elect's parents, Mr. and Mrs. W. E. Konkle of Amarillo.

The wedding will take place July 5 in the Scott Memorial Baptist Church at San Diego, Calif., where Mr. Russell is employed by the Consolidated Aircraft Corporation. Mr. Russell is a brother of Mrs. Newt Reeves. He was in business here for several years.

GARDEN CLUB TO HEAR MISS SARAH THOMPSON

The Canyon Garden Club will meet in the Thompson Club room at 10 o'clock Wednesday morning, July 1. Miss Sarah Thompson will speak to the group concerning birds and wild flowers of this locality.

Lowe Brothers

According to the 1940 census, 92 cities in the United States have more than 100,000 population. Four are Texas cities—Houston, Dallas, San Antonio and Fort Worth. Texas of 250,000,000 years ago was inhabited solely by insects, a large percentage of which were mammoth cockroaches, according to geologists.

From where I sit . . .

by Joe Marsh

MAYBE I shouldn't admit it, but there are a few things about this writing job I really like.

For instance, I like the part where . . . after all the writin' and the routine is done . . . I just set back and think about things in general. (Oh, yes, that's part of the job, too.)

Doesn't matter much what I think about. Sometimes I concentrate on one thing. Sometimes I think of lots of things, one right after the other.

Usually, when I get to thinkin', I send down for some beer. Seems a glass of beer not only touches the spot but it also sort of helps the thinkin' mood along.

It's such a peaceful, friendly beverage. Sort of honest and human. And it tastes good.

I like to hold my glass of beer up to the light and look through it. That beautiful, golden-amber color kind of fascinates me. Reminds me of the sunny barley fields where beer gets its start.

After all . . . when you stop to think about it . . . beer is a simple, natural thing. I read somewhere that all it's made of is good, wholesome farm grains and water and a little yeast . . . with hops for flavor. Nature's process of fermentation and the age-old art of the brewer does the rest.

I guess that's why beer is so wholesome. It really is the beverage of moderation. You just can't imagine anybody getting into trouble drinking a few glasses of beer.

Well, here I am . . . going on and on thinking and talking about beer. Probably could go on for hours. That's the way I am when I set back and get to thinking about things.

And by the way, taking it easy and "just thinkin'" is fun. Try it sometime . . . quiet and comfortable like.

Joe Marsh

Cleo Bourland Is Married June 12 to Grant White

Miss Cleo Bourland became the bride of Grant White of Las Vegas, N. M., in a beautiful double ring ceremony in St. Thomas Episcopal Church in Hollywood, Calif., June 12 at 5:30 o'clock.

The couple entered to the strains of the Wedding March. "Adoration" was played as the vows were exchanged. At the close of the ceremony, both knelt on the small white cushion while the rector repeated a prayer. Another wedding march was played as the recessional.

Mr. and Mrs. Henry C. Lucas of Hollywood were the only attendants. Mrs. Lucas was dressed in a beige dress with red accessories and wore a corsage of Tallman roses.

The bride was attired in a brown net with a yellow linen jacket. Her corsage was of brown orchids. Her accessories were of wheat linen with luggage trim.

Mrs. White, a daughter of Mr.

and Mrs. G. B. Bourland of Canyon, was graduated from West Texas State High School in 1939. She attended West Texas State College until last year when she accepted a position at Dumas. She will attend school here the last six weeks when she will receive her Bachelor of Arts degree in public school music, before resuming her work at Dumas. She is a member of the Delta Zeta Chi sorority.

The bridegroom, a son of Mr. and Mrs. G. A. White of Las Vegas, N. M., was graduated from Las Vegas high school and later attended Albuquerque University. At present he is stationed at Catalina Island with the Army. The couple is at home at the Edgewater Hotel, Avalon, California.

Mrs. Bill Patke and Mrs. E. I. Boyce visited Mrs. Albert Brown in an Amairlo hospital Sunday. Mrs. Brown was taken to the hospital Friday.

Mrs. James La Cour left for her home in Los Angeles after visiting with her mother, Mrs. Alice Black.

LADIES AUXILIARY MEETS WITH MRS. McCASLIN

On June 23 the Ladies Auxiliary of the First Presbyterian Church assembled at Randall Hall where Mrs. Nancy McCaslin was hostess.

Ruth, a Bible character study, was vividly portrayed by Mrs. M. E. Cleavinger as a channel through which the plans and purposes of God were wrought.

Mrs. L. A. Donnell related "Is Enough, Enough?" which was a stewardship story. She emphasized the fact that disciplining and regulating our wants through life would attain the goal of "Enough."

Mrs. M. A. Biggers conducted a Bible Quiz.

One guest, Mrs. E. L. Brasuel was present with the following members: Mrs. Biggers, Mrs. Donnell, Mrs. Cleavinger, Mrs. John Burgess, Mrs. C. R. Burrow, Mrs. Harvey Cash, Mrs. A. M. Dorsett, Mrs. E. D. Harrell, Mrs. S. L. Ingham, Mrs. L. L. Monroe and Mrs. Linna Wilkinson.

MRS. KNIGHTON AND TWO GIRLS ATTEND CONFERENCE

Mrs. Tom Knighton, Misses Betty Jo Cone and Lois Thomas of Canyon, Miss Gladys Peck of Roaring Springs and Miss Ardelle Harrell of Memphis attended the Southwide Baptist Student Retreat in Ridgecrest, North Carolina.

The group left here June 7. The session opened June 10 and lasted through June 18. They arrived in Canyon Sunday morning after a successful trip.

MRS. SMALL ENTERTAINS BLUEBONNET NEEDLE CLUB

Pansies and gladioli decorated the home of Mrs. George Small Friday afternoon when she entertained for the Bluebonnet Needle Club in its last meeting until September.

Hand work was used for the diversion until tea time when the hostess served refreshments of sandwiches and cookies with iced tea to Mrs. Cecil Bible, Mrs. Tom Brasher, Mrs. J. D. Barker, Mrs. H. W. Cabe, Mrs. James Cabe, Mrs. Levi Cole, Mrs. W. G. Shackelford, and Mrs. W. H. Upchurch.

EVELYN GARRISON HOSTESS TO STONE BRANCH F. H. T.

The June 17 meeting of the Stone Branch of the Canyon F. H. T. chapter was held in the home of Evelyn Garrison.

Lorena Turner resigned as president.

The time was spent in making sewing kits, printing titles on novels and pasting cartoons.

Refreshments were served by the hostess.

The next meeting, at which Miss Lilla Clark will be present to check each girl's summer project, will be held at the home of Pauline Baker.

We have received a shipment of 2 x 4's, 2 x 6's and ship lap in all lengths. Burrow Lumber Co. 1t

Miss Hazel Cooper and Neil Cooper of Los Angeles arrived Friday to spend the summer with their parents, Mr. and Mrs. C. O. Cooper.

Mrs. Forest Hill left Saturday for Lorraine, Ohio, to visit her husband who is stationed there in the Coast Guard.

Mr. and Mrs. John Stallings and Mr. and Mrs. Andrew Stallings of Pueblo, Colorado are visiting here at the C. G. Stallings home.

Mr. and Mrs. C. O. Edwards and son of Ralls spent the week end at the home of his mother, Mrs. J. A. Edwards.

Mr. and Mrs. E. W. Woods visited her sister and husband, Mr. and Mrs. Emmitt Burford at Lubbock Sunday.

Mrs. Paul Lindsey spent last week visiting with her father and sister at Lubbock and Slaton.

Mrs. G. B. Heath of Colorado City is visiting her son, G. B. Heath.

KING'S DAUGHTERS SURPRISE MRS. JONES

Members of the King's Daughters Class of the Baptist Church went to the home of Mrs. Jettie Jones Wednesday morning, after meeting at the home of Mrs. Roy L. Johnson, to surprise Mrs. Jones with a Brunch in honor of her birthday, and in appreciation of her long service as class secretary.

The program consisted of readings by Mrs. Mary Langston, Mrs. Grace McCrery, Mrs. Inez Hinkle, and Mrs. I. W. Wester. Old-time singing by the group concluded the program.

Seated were Mrs. Mary Burtz, Mrs. Jones, Mrs. Adie Heffner, Mrs. Pearl Bowman, Mrs. Lillian Pain, Mrs. McCrery, Mrs. Ruth Costley, Mrs. Beulah Anthony, Mrs. Minnie Laughery, Mrs. Kizzie Johnson, Mrs. Hinkle, Mrs. Langston, Mrs. Wester, Mrs. Nell Johnson, Mrs. Ruth Parsley, Mrs. Maude Russell, Mrs. Theodore Baker and the hostesses, Mrs. Josie Atkins and Mrs. Jessie Reid.

MRS. R. P. JARRETT, JR. HOSTESS TO BRIDGE CLUB

Mrs. Robert P. Jarrett, Jr. entertained for the Las Senoras Nuevas Club members and a group of guests Wednesday afternoon at her home on east Seventh Avenue. Summer flowers were artfully used and corsages were passed for tallies to start the games.

High score prize winner was Mrs. Robert Foster and Mrs. R. A. Neblett received low score.

Iced drinks were served to club members Mrs. Foster, Mrs. J. Madison Daugherty, Mrs. W. E. Miller, Mrs. M. E. Cantrell, Mrs. Clyde Davis, Mrs. Hud Prichard, Mrs. Owen Williams and Mrs. R. E. Ball; and to special guests Mrs. R. P. Jarrett, Sr., Mrs. Herschel Coffee, Mrs. Lee Foster, Mrs. Andy Walsh, Mrs. W. Holmes Smith, Mrs. Neblett, Mrs. Archie MacAlpin and Mrs. Dodgen of Shamrock.

COUNCIL CHURCH WOMEN AT BAPTIST CHURCH

Miss Margaret Barrett, as guest speaker, will talk about community issues at the meeting of the Council of Church Women next Tuesday afternoon at 4 o'clock in the Baptist Church. Mrs. E. D. Harrell will have the devotional on Christian Family Life. Mrs. J. W. Shook is general program chairman. All women of the town are invited.

DAN SANDERS ENTERTAINS FRIDAY BRIDGE CLUB

Mr. and Mrs. Dan Sanders were host and hostess to the Friday Bridge Club Friday evening. The affair was attractively placed in the back yard.

Refreshments of coffee marlow and fruit punch were served to the following members and their husbands: Mr. and Mrs. C. L. Thompson, Mr. and Mrs. Marion Bishir, Mr. and Mrs. Guy Harp, Mr. and Mrs. W. C. Black, Mr. and Mrs. Clyde W. Warwick, Dr. and Mrs. R. A. Neblett, and Mr. and Mrs. Lee Foster.

Visitors in Canyon Wednesday were Mrs. Herbert Hudson and daughter, Frances, of Pampa and their guests, Mr. and Mrs. Hale Knight, Mary and Betty Knight and Mrs. J. S. Silcott all of Grantsville, West Va.

H. B. Owen, who is home on a 90-day furlough from Camp Blanding, waiting to be called in the Air Corps training, is helping his brother, Ducoe, harvest his 3,000 acre wheat crop, which is turning out a good yield.

The E. E. Owen family and Ernest Owen of Sweetwater celebrated Fathers Day and Mrs. E. E. Owen's birthday in the home of Mr. and Mrs. Ducoe Owen, of the Stone community.

Mr. and Mrs. L. A. Osgood were here the first of the week from Mississippi on their way to California where they will spend several weeks.

Miss Martha Frances Campbell spent last week end in Fort Worth visiting at T. C. U.

Edgar Blessen spent Sunday in Bushland.

Two More Nations Join Allies

Mexico and the Philippines became official partners in the United Nations at a ceremony in Washington, D. C., when Mexican ambassador Dr. Don Francisco Najera, left, and Philippine President Manuel Quezon signed allied document with President Roosevelt present.

Daughter Helps Out on the Farm

Her three brothers are volunteers in the Army and hired help is scarce, so Ruby Hunsaker, a high school junior, joins in the work on her father's Wyoming farm to help produce "food for freedom."

Malcom Jones Is Buried Here Wed.

Funeral services were held here Wednesday for Malcom Jones who died Tuesday night at Hereford. Interment followed in Dreamland Cemetery where his mother was buried several years ago.

He is survived by his wife and five children, and a sister, Mrs. Tom Turner of Lubbock. She is well known in Canyon, having stayed here in the J. D. Key home for several years. She will be remembered as Rosabelle Jones.

Ernest J. Owen of Sweetwater was a guest in the E. E. Owen home from last Thursday until Monday. Ernest is a nephew of E. E. Owen.

Mr. and Mrs. Branch T. Archer, Jr., of San Antonio arrived Saturday to visit the L. S. Bakers and Branch T. Archers in Amarillo.

Miss Helen Ann Allen of Ft. Sumner, N. M., visited her brother, Glenn Allen who was in a car accident last week.

Tom C. Gooch, Canyon, 1 tube.

Recaps

Alphonse C. Evers, Umbarger.

Guests here Sunday in the home of Mrs. Oia Ridgway were Mrs. Drew Ridgway and children of Roswell, N. M., and Mr. and Mrs. Clay Ridgway of Hereford.

Mr. and Mrs. Walter W. Sanford, Mrs. L. M. Cousins and Miss Olive V. Schramm were in Pampa last Thursday.

Mr. and Mrs. W. H. McKee and family and Jovetta McKee visited Sunday in Borger. Juanita stayed with Jovetta for a week.

Mr. and Mrs. W. C. Rozell spent Sunday visiting her aunt and uncle, Mr. and Mrs. George Stowers at Friona.

Mr. and Mrs. Cecil Simms of Buckeye, N. M., visited from Thursday to Sunday with Mr. and Mrs. E. W. Woods.

The Pied Piper

Harvest Full Swing

(Continued from page one)

shipped knocked down and are erected by bolting sections together after they are received by the farmers. The sale of these bins by the Commodity Credit Corporation is an attempt to relieve the critical storage situation. Many farmers cannot secure storage in bonded warehouses. For that reason they are storing wheat on the farm in order to take advantage of the CCC loans which are considerably higher than the market price. Farmers who are storing wheat on the farm are cautioned to be sure wheat is very dry before storing. This is especially true of the bottom part of the bin. Wheat should not contain more than 14% moisture when stored on the farm to be safe.

The County Agent's office force is busy this week with work in connection with the wheat harvest and storage of wheat for loan.

Marketing quota cards are being issued as fast as compliance can be checked. Cards will be required by buyers of wheat before the full amount of the purchase price of the

wheat is paid. About two-thirds of the cards for Randall county growers were ready for release Wednesday afternoon. The balance who are eligible to receive cards will be completed as soon as volunteer wheat acreage left for harvest can be checked.

Where excess volunteer wheat is harvested marketing cards will be issued after the excess is stored on the farm and a bond is executed.

Volunteer wheat in excess of the regular allotted acreage is being harvested on several farms under the emergency provision for holding the excess wheat on the farm until it is needed.

Mrs. Ruby Littleton and family visited Judge and Mrs. W. J. Williams of Panhandle Sunday. The children remained for a week.

Mr. and Mrs. George Archer of McAdoo visited in the D. Mack Stewart home over the week end.

We have received a shipment of 2 x 4's, 2 x 6's and ship lap in all lengths. Burrow Lumber Co. It

Billy Guinn McAtee and Joanne Stallings visited Marie Johnson Saturday night in Amarillo.

Mr. and Mrs. Joe Jackson spent Sunday with Mr. and Mrs. T. J. Smith in Amarillo.

"Have you ever tried giving up smoking?"

"Yes, but not for long. I didn't want to be selfish about it."

"How come?"

"I found out that when I quit, half the fellows in the office had to quit, too."

"The British say they raided Cologne with 1,000 planes. The Germans say they counted only 70. Do you think someone is lying?"

"Not necessarily. Imagine yourself in a Cologne resident's shoes. How long could you keep count?"

Barber: "You're getting a little bald on top there. What do you think is causing it?"

Customer: "I'm not sure, but I imagine it's because my hair is falling out."

Coke Stevenson For Governor

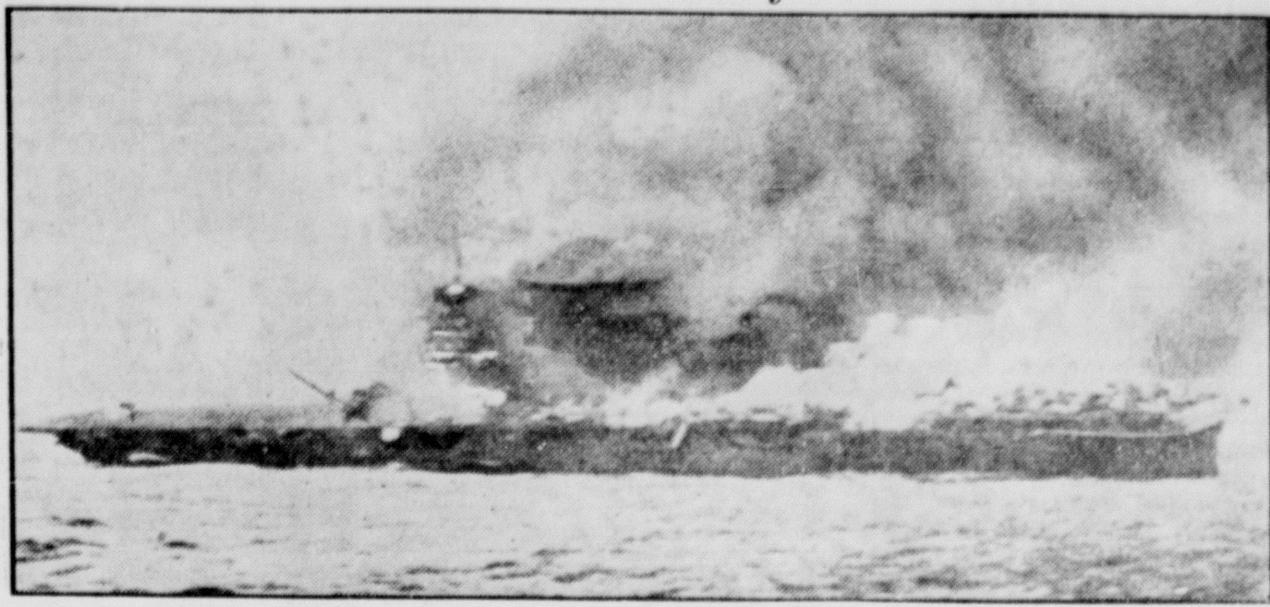

COKE STEVENSON

A man who knows the problems of the day. Has had experience in all walks of life—from "Mule Skinner" freighting overland from his home town to Brady and return, to janitor of the bank of his home town, of which he was Cashier at the age of twenty. While Cashier of the Bank he studied law, was admitted to the Bar, in which vocation he continued successful. Then followed his career in the legislative halls of the State, the Lieutenant Governorship, and then the Governor's Chair. He is truly a man of the people—one of nature's Noblemen. A vote for Coke Stevenson is a vote for a man who will fill the position to the satisfaction of the people and with honor to himself.

(This space Contributed by Friends of Coke Stevenson)

Last Look at "Lady Lex"

Aflame and rocked by explosions, the U. S. aircraft carrier Lexington is shown just before she sank beneath the waters of the Coral Sea. All hands had abandoned ship when this picture was taken from a retiring rescue vessel. Photo released by U. S. Navy.

Student Reserve

(Continued from page one)

any reason other than transfer to another participating institution; (2) when they fail to graduate with their class, and (3) when they fail to meet the prescribed level in the qualifying examination. Failure in any of these instances will mean that the students involved will be reported to the Corps Area commander for call to active duty.

Certain graduates who are especially qualified may be allowed to continue advanced study, research work, or to become faculty replacements.

Objectives of the War Department program for future officers include:

1. A capacity for clear and accurate expression.
2. A capacity for accurate mathematical computations on a college mathematics level.
3. A basic familiarity with some exact science having a direct relationship to problems of the Army.
4. A capacity to deal realistically with maps and charts.
5. A capacity to take care of themselves physically under all conditions.
6. Good health and hard physical condition.

In addition, "it is further desirable that men coming into the Army should understand the History of the United States and its institutions." Colleges in wartime must be places of intensive physical and mental effort. According to a War Department statement, "The country can no longer afford to have young men proceed with their educations at a moderate tempo. . . . Men who accept the opportunity of enlistment in the Army or Navy Reserve and who conscientiously devote their efforts in college in the manner indicated and those teachers in the colleges who are necessary for the education of these men may feel assured that they are doing the job their country wants them to do and are performing their full duty in the war effort."

Miss Mary Zachry of Amarillo visited her parents Mr. and Mrs. E. N. Zachry this week end.

We have received a shipment of 2 x 4's, 2 x 6's and ship lap in all lengths. Burrow Lumber Co. It

Mrs. C. H. Jarrett spent part of last week visiting her daughter, Mrs. Kenneth Gibson, at Lubbock.

Howard Mahle came Sunday to get his family who had been visiting Mrs. Carl Hair.

Miss Mildred Merchant is working this summer in St. Louis, Mo.

SMU President To Be Speaker

Will Give Commencement Sermon on Sunday, July 19, for All Seniors

Dr. Umphrey Lee, president of Southern Methodist University, will deliver the baccalaureate sermon at West Texas State College on July 19. The program will be held at 11 a. m. in the main auditorium.

Dr. Lee is widely known as a pleasing speaker.

The commencement exercises for the summer class will be held on Saturday evening, July 25, at 8:30 o'clock. The name of the speaker has not been announced. All summer seniors will participate in this commencement, regardless of the date of their finishing. The Summer Session will continue through September 15 under the 15-week wartime plan.

President J. A. Hill will return to the campus about July 1. He is attending a school for administrators financed by the Kellogg Foundation at Dowling, Mich.

Nearly one-fourth of Texas' population lives in four counties—Harris, Dallas, Bexar and Tarrant.

High Plains Cadets at Kelly Field

Becoming adept with bayonet and polished in foot drill, the above quartet of Panhandle men are preparing for future training as pilots in Uncle Sam's Air Corps. At Kelly Field's Pilot Replacement center, are, left to right kneeling, James C. McIver, Amarillo; Wayne E. Byars, Fielding A. Thomas, Jr., both of Canyon, and standing is Joseph M. Montgomery of Amarillo.

To Speak On South America

Lieut.-Commander Fallon Will Give Views of "Our Good Neighbors"

"A South American Looks at You" will be the subject of an address at West Texas State College on Thursday, June 25, by Lieut.-Commander Carlos Fallon of the Colombian Navy.

The talk will begin at 8:15 o'clock in the main auditorium. Admission will be 50 cents for the public, activity ticket for students.

Commander Fallon is an Irishman. He is witty, has an enormous number of good stories and anecdotes to illustrate the economic and military relations of the United States and South America, and he delights in repartee. The question hour at the close of his address will be one of the features of his appearance.

He has spoken before international associations, economic bodies, women's organizations, civic clubs, and forums. Although a native of Colombia, he was educated in the United States while his father was a consul at New Orleans. He is a former member of the advisory board of the minister of war and a member of the commission visiting the Panama Canal defenses.

He has commanded the Upper Amazon gunboat flotilla and has been chief of staff of the Colombian Navy.

In his talk here, Commander Fallon will make a frank appraisal of the Good Neighbor Policy and the attitudes of the South American countries toward the United States.

Little Birds With Big Names Stop on Campus; Hunt Mud

They are nice little birds, even if their voices do have a rusty squeak and their scientific name, Petrochelidon Albifrons, is a bit difficult for tired school teachers to pronounce.

This is speaking of the cliff swallows which are swarming along the eaves of the Education and Administration buildings. They probably would build some cute bottle-shaped mud nests—if they could find the mud.

The swallows are reputed to have wintered in South America. They range from Alaska to Guatemala. Colonies have been seen under cliffs in the nearby canyons.

Big eaters of nearly all insects, they are valued birds despite the fact that some folks think their mud nests are ugly. They are said to lay four or five eggs.

College authorities are pondering whether to welcome the swallows or to run them off.

Pulling no punches, he will state the problems of after-the-war years.

CARD OF THANKS

I wish to thank our neighbors for their splendid work in fighting the fire in the wheat field Saturday afternoon. The loss was held at a minimum because of your quick response.

Edgar Robinson.

Living expenses aren't bad at all. The rub is being able to meet them.

Lost

Little Beatrice gives vent to her feelings at finding herself "somewhere in New York City" but not knowing exactly where, while a comforting arm of the law attempts to console her.

Electric Power of USA Greater Than Total of Axis

Lon Watson, president of the Texas-New Mexico Utilities Co., spoke Tuesday at the Rotary Club luncheon on the use of electricity. He is a member of the Plainview Rotary Club. Gordon Lyons, local manager in Canyon, was in charge of the program.

"Work" was used as a basis of thought by Mr. Watson. Electricity is a substitute for work, according to the speaker, who illustrated how much more the human hands are able to produce when given electrical power. No one knows what electricity is, but it is found that it would take two men working 8 hours per day for three weeks to produce one kilowatt hour.

The increased use of electric power from 1940 to 1941 was equalled to total consumption of 1917-18. In the first war, it took the work of 6 men to keep 1 man at the front; but today it takes the work of 19 men to keep one flyer in the air.

The Axis is afraid of production power of this country, which is in far excess of the total electricity produced by the Axis countries. There are 32 million customers in the U. S., and they consumed 168 billion kw. As a comparison in labor, workmen in the U. S. average 68¢ per hour, with a 40 hour basis; workmen in Japan earn 30¢ per day, with a 72 hour per week minimum. The Japs cannot compete with our production. In the U. S., men can produce in 3 minutes what it will take an Englishman 13 minutes to produce; while it will take a Jap 43 minutes for the same job.

In spite of all that electricity will do for us, people in this nation spend more for whiskey than for electricity; more for tobacco than for gas for their homes.

To those Americans who do not realize the productive thinking of the Russians, the speaker related the experience of an American newspaper man who was in Khar-kov 48 hours before the Germans took the city. He saw combines cut the grain and trucks hauled it away; women and children went over the fields carefully picking up all grain that was missed; the stubble was set on fire and the Russians moved out leaving the Germans nothing.

The writer saw factories dismantled and moved back, reassembled

"Grouchy" Husbands

and wives, may be suffering from aggravating bowel gas, sour stomach or headache, caused by spells of constipation. Try ADLERIK. It effectively blends 8 carminatives for relief of gas pains, and 3 laxatives for gentle, quick bowel action. Your druggist has ADLERIK.

Jarrett Drug Co.

and producing tanks in a period of 7 days.

The U. S. has the brains, power and materials, and one of these days they will be coordinated to whip the Axis. But it will take more work and more thinking on the part of every citizen.

Looking to the future—after the war—Mr. Watson predicted many inventions and improvements which will give the people more comforts at a lower cost.

Visitors were: Dr. W. B. Stevenson of Amarillo; Col. Carter of Marlin; Lon Watson of Plainview; Elmo Lowes of St. Louis; Earl Smith of Hereford; John A. Gillis of Canyon.

An invitation was accepted to meet with the Lions Club on July 2.

A nice thing about a one-way street is that you can only be bumped from the rear.

Truth may be stranger than fiction, but it isn't nearly so marketable.

Table manners: When in doubt whether to use the fork or spoon, use the knife and remove all doubt.

Notice of CREDIT Regulations

By Government order under regulation W, (5C)' a charge account shall be deemed to be in default if any article for which credit was extended in such account has not been paid for in full before the 10th day of the second calendar month following the calendar month during which such article was sold....

When a charge account is in default, the dealer cannot extend further credit for any charge sale or installment sale until the default has been cured, either;

- (1). *By payment in full of the amount of default;*
- (2). *By the purchaser entering into a written agreement in good faith to pay the amount in default within a period of 6 months or less from the date of such agreement by substantially equal installment payments of not less than \$5.00 monthly or \$1.25 per week at substantially equal intervals not exceeding one month;*
- (3). *By the purchaser filing with the Creditor a statement of necessity in accordance with section 10 (d) and entering into a written agreement in good faith to pay the amount in default within a period of 12 months from the due date of such agreement by substantially equal installment payments at substantially equal intervals not exceeding one month.*

Charges Now on the Books, Made Prior to May 1, 1942, will Default if Not Paid on or before July 10th

The above information is brought to you by the following firms and business men in order that you may be more familiar with the provisions in Government Regulation "W," which is now in force in the United States. All firms will be regulated by the provisions of this law, and it is our hope that this information may be of assistance to you in meeting its requirements.

Panhandle's First Mill

At a time when a huge wheat crop in the Panhandle is likely and the section's big milling industry is vitally important in the nation's war effort, it is interesting to note the primitive "mill" demonstrated above by Miss Dora Jo Covington of Littlefield, a junior at West Texas State College of Canyon. The corn grinding hole and pestle were taken from a rocky bluff overlooking a small Panhandle stream. Women of a race now gone ground their meal in such depressions in the years before Coronado crossed these plains. The archaeological exhibits at the Panhandle-Plains museum show many evidences of the Panhandle's pre-history.

Concrete Work Rushed to End

Next Museum Activity Will Be Dependent on Drive to Raise \$5,000

Many tons of concrete was poured at the Panhandle-Plains museum last week as the columns and top floor were finished. The forms will be removed in about three weeks.

In addition to the WPA crew, workmen include athletes, grounds men, janitors, and high school boys—all assembled to complete the pouring as rapidly as possible.

Little additional work can be done until a new federal allotment of \$15,484 becomes available. This is contingent upon the raising of about \$5,000 as the sponsor's contribution. Officers of the Panhandle-Plains Historical Society will attempt to raise this sum through donations.

The museum addition is 100 feet square and of two stories. When completed it will permit the showing of many new collections, including valuable art objects promised by Judge James D. Hamlin of Farwell, president of the Society. A small auditorium will be available for lectures and motion pictures, and a library will be started.

Arrival of another shipment of Austin stone will expedite construction of the new Science Building this week. Brick layers have joined the stone masons.

NYA personnel left the Terrill Hall and dining room buildings to the College last week as the pre-college project was closed, but a few officials and workmen have remained to remove machinery and other equipment.

Highland News

Mrs. L. J. Fulton, Mrs. Elmer Mason, and Mrs. James Walton were hostesses for a shower honoring Mr. and Mrs. Floyd Mitchell at the Walton home last Thursday evening.

Mr. and Mrs. Tom Boling returned from Rochester, Minn., last Thursday. Mr. Boling will be given medical treatment from Amarillo doctors.

We are sorry to hear that Mrs. Alma Moore is on the sick list. She has been ordered to remain in bed because of heart trouble.

Mrs. Carl Fuqua called at the Boling and Austin home last Wednesday afternoon.

Mr. and Mrs. Jack Baker, Mr. and Mrs. Clay Fuqua and Mr. and Mrs. Carl Fuqua were dinner guests at the Jack Cage home last Wednesday evening.

Mr. and Mrs. Henry Broadus and boys visited at the Fuqua home Sunday evening.

Mr. and Mrs. Tom Boling and children visited at the Ed Sharp home Sunday.

Mrs. Tucker spent Friday at the Jones home. Mrs. Jones is still making frequent trips to Amarillo for medical treatment.

The Highland Club met at the home of Mrs. Jack Fuqua last Tuesday. The next meeting will be July 7th at the home of Mrs. Sweet.

First Aid Instructor: "Suppose the victim was bleeding profusely, had a broken leg, was extremely pale and showed no pulse. What would you do?"

Student: "Doc, I'd bury him."

The area of Texas is 262,398 square miles of land and 3,498 square miles of water surface, a total of 265,896 square miles.

With its six million inhabitants, Texas ranks sixth in population among the 48 states.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of June 28, 1917)

Oscar Smith, W. D. Morrell and Dr. D. M. Stewart were appointed members of the Selective Draft Board for Randall county. Governor Ferguson recommended the men and the appointment was made by President Wilson.

8,000 men are being enlisted in the Texas National Guard.

Miss Jessie M. Kline has announced her resignation as head of the music department of the Normal. She leaves at the end of the summer session.

A daughter was born to Mr. and Mrs. R. O. Allison.

First American troops under General Pershing landed in France.

Rev. David H. Templeton, pastor of the Presbyterian Church, left for Houston for his new pastorate.

Johnson Items

Mr. and Mrs. Calvin Dollard of El Paso spent Saturday visiting Mr. Dollard's sister, Mrs. I. L. Bauer. Mrs. Dollard is the former Miss Johnnie Dine Campbell of Canyon.

Willard Spiser accompanied Loyd Devin and Charles SoRelle to New Braunfels, near San Antonio Wednesday where all three were delegates to the State F. P. A. Convention which was held Thursday and Friday. They also visited various points of interest including the Governor's mansion at Austin.

Thelma Bauer left Sunday to stay with her sister, Mrs. Roy Stockett of Tulsa.

Mr. and Mrs. I. L. Bauer and family were business callers in Canyon and Amarillo Friday.

Members of the community spent Saturday in Canyon on business.

PRESBYTERIAN CHURCH

"Children's Day" will be observed in the Presbyterian Church next Sunday. At the morning worship hour, the children will be in charge of the service, under the leadership of teachers in the Children's Division of the Sunday School. The program has been planned by Mrs. R. A. Neblett, Mrs. E. J. Cundiff, Mrs. Joe Black, Mrs. Alfred M. Dorsett and Mrs. J. R. Sharp.

One of the most recent released pictures from the Presbyterian Board of Foreign Missions, "The Rebirth of a Nation," will be shown at the evening worship hour. The picture is a story of modern China in its re-awakening to world conditions, and the great opportunity of Christianity there.

The Ladies Auxiliary will be in charge of the presentation and will conduct the worship services just preceding it. The picture is a "sound picture" and will be shown by Olin E. Hinkle. A general invitation is extended to everyone to see this vitally interesting picture of our friend and ally, China.

EPISCOPAL CHURCH

Rev. W. R. Scott, rector, will conduct the 5 o'clock Vesper Service for the fourth Sunday after Trinity in the All Saints Episcopal Church.

Rev. Scott's sermon will be on "Freedom and Truth," and his text will be St. John 8:33, "Ye shall know the truth, and the truth shall make you free."

All visitors are cordially welcome to join in worship Sunday.

A civilized individual has tolerance for all people, but he selects his friends.

The population of Texas as recorded by the 1940 Federal Census is 6,414,842.

The Men of Vichy

Marshal Henri Petain, chief of state, and Pierre Laval, chief of government, face the cameras in this new picture from Vichy showing France's aged leader and his pro-Nazi colleague.

Air Courses Are in Demand

But More Applicants For CPT Training Needed To Reach Quota Here

Organization of college aviation classes was being completed Monday by Dean R. P. Jarrett and J. W. (Ted) Reid, instructor. Indications were that at least a score of men and women would take the special course in pre-flight training in order to be able to teach it in high schools next year. Hundreds of high schools will offer these courses next year.

Twelve young men have indicated a desire to take Civilian Pilot Training work in the new college flight course. Dean Jarrett is awaiting details of certain changes being made in this set-up. A quota of ten must be filled.

Dean Jarrett said more applications for CPT training are desired. Some applicants may fail to pass the physical examinations, leaving the quota unfilled.

Mr. Reid is teaching the pre-flight course in Room 211 from 2 to 5 p. m. daily. Studies are divided according to subject matter. The high school course will include studies in the history of aviation, meteorology, aerodynamics, airplane motors, air navigation, communications, vocations, and the social significance of the air age.

More than one-half of Texas' population lives in 31 of the 245 Texas counties.

Mother is the name of God in the lips and hearts of children.—Thackeray.

Texas' greatest distance from east to west is 773 miles.

Texas extends through more than ten degrees of latitude.

Texas has 44 cities of more than 10,000 population each.

Her children arise up and call her blessed.—Proverbs 31, 8.

NOTICE OF SALE OF REAL ESTATE UNDER ORDER OF SALE

By virtue of an order of sale issued out of the District Court of Potter County, Texas, 108th Judicial District, on a judgment rendered in said Court on the 27th day of April, A. D. 1942, in favor of American United Life Insurance Company, a corporation, and against William D. Moore and wife, Pearl M. Moore, and George Venhouse, in the case of American United Life Insurance Company, a corporation, vs. William D. Moore et al, No. 16,440, in said Court, I did on the 5th day of June, 1942, at 10:00 o'clock a. m. levy upon the following described tract and parcel of land situated in the County of Randall, State of Texas, as the property of said defendants, to-wit:

The North Half (N½) of Section Four (4), in Block M-6, of the S. K. & K. Surveys, in Randall County, Texas, containing 320 acres, more or less, excepting an undivided one-fourth (¼) interest in and to all of the oil, petroleum, gas, coal, asphalt, and all other minerals of every kind and character in or under and that may be produced from said premises.

and on the 7th day of July, 1942, being the first Tuesday of said month, between the hours of 10:00 o'clock a. m. and 4:00 o'clock p. m., on said day, at the Court House door of Randall County, Texas, I will offer for sale at public auction for cash all of the right, title and interest of said defendants in and to said property.

DATED at Canyon, Texas, this 5th day of June, A. D. 1942.
M. E. CANTRELL,
Sheriff, Randall County, Texas.

Mural Painting by El Paso Pupils Is Shown at Museum

On exhibition all this week in the art room of the Panhandle-Plains museum is a large mural painting—the work of pupils of the El Paso public schools.

The mural was brought here by Mrs. Lorena Richards, art major, whose pupils painted it. The picture already has attracted considerable attention and has been discussed by a class in public school art. It is 54 inches by 22½ feet in size.

Pupils of the seventh and eighth grades of Houston school in El Paso planned the mural, did the research, and painted it according to subjects assigned. It is based on the life and arts of the Indians of the southwest. Forty-two boys and girls participated.

A low sixth grade painted another mural on Mexico. Other classes did work in weaving and with beads.

Mrs. Richards will teach at Austin High School of El Paso next term.

The geographical center of Texas is a point 20 miles northeast of Brady in McCulloch county.

A dog can catch a freight train, but what would he do with a freight train?

NOTICE TO BIDDERS

The Commissioners' Court of Randall County, Texas, will receive competitive bids to ten o'clock A. M., on the 13th day of July, 1942, at the Court House in Canyon, Texas, on the following described road machinery; one or more:

1 Crowler Tractor, Gas Motor, 70 H. P., 1 Revolving Scraper, 72 cub. ft.

and at said time and place said County will proceed to let a contract if any bids be accepted. Certified check in five per cent of amount of bid required, and the Court reserves the right to reject any or all bids.

If any contract is made the Court intends to issue interest bearing time warrants for all or part payment thereof, in an amount not to exceed \$2400.00, said warrants to bear interest at the rate of 6% per annum, and the full amount of said warrants to mature at a date not later than July 15, 1945.

A. H. HUNT, County Judge, 1513 Randall County.

You do not have to tell the world what your character is. It speaks for itself.

He who gives up the smallest part of a secret has the rest no longer in his power.—Jean Paul Richter.

Uncle Sam is hard at it training parachute jumpers—but the business still is dropping off.

A great advantage of silent contempt is that it often prevents a black eye.

Vacation time is when a wife can get a trunkful of stuff into a suit case.

"What is more pleasant than a cold bath before breakfast?" asks a writer. That's easy. No cold bath.

The population of Texas increased 94.5 per cent between 1870 and 1880.

In 1910 the urban population of Texas was 24.1 per cent. In 1940, it was 45.4 per cent.

Most people favor that which will return them something for nothing or much for little.

Correct this sentence: We want you to be chairman; you won't have much to do.

It is rumored that cheerfulness is largely a matter of one's income being above one's outgo.

No mother-in-law thinks that the mother-in-law jokes are aimed at her kind of mothers-in-law.

It is as hard for a rich man to enter heaven as it is for a poor man to live on earth.

Most of us admire those who are independent enough to agree with our own views.

"Say, Sis, we can do a lot to help WIN this war, even though we are too young to fight. You know, Mom has gone 'ALL OUT' for this Government nutritional program. We can eat the foods she fixes and like them—thus helping her grocery budget. Then, too, we will be making ourselves stronger. U. S. needs US strong; LET'S US eat NUTRITIONAL FOOD."

West Texas Gas Company

Santa Fe and your

WINTER WHEAT

● Once more the miracle of the winter wheat harvest is with us. Nature has been kind, in Santa Fe territory, and another bumper crop is indicated. Prices, too, are good.

That is a happy prospect, but it brings serious problems with it—both for you who raise the grain, and for us who move it.

You face a shortage of harvest labor, and a serious lack of storage space, at terminals and in rural bins, because of the unprecedented carry-over of old wheat. We face the job of moving a vast grain tonnage, in a short time, on top of the greatest railroad traffic load in history.

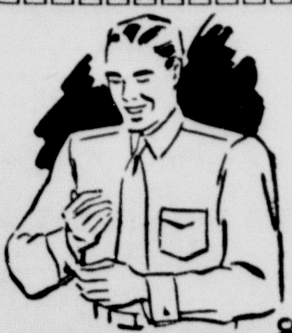

For example, in April, 1941, Santa Fe freight cars moved 108,131,891 miles. In April, 1942, that mileage had leaped to 142,823,878. A great part of that 32% jump represented war freight, that *must* move first.

Santa Fe pledges every possible help in moving 1942 wheat to points where it can be accepted and placed for use. Of you we ask prompt loading and unloading, and that no car be used for storage, even temporarily. Let's pull together and whip this war-born transportation problem, as we have so many others in the long years we've worked together.

AT YOUR SERVICE—Talk over your transportation problems with your Santa Fe representative. He'll be glad to help with practical suggestions.
